been cut down, the old fountain has  
been torn up and a larger one is being  
installed.

## It Is Serious

Some Middlebury People Fail to Re-  
alize the Seriousness of a Bad  
Back.The constant aching of a bad back.  
The weariness, the tired feeling.  
The pains and aches of kidney ill-  
ness. May result seriously if neglected.  
Dangerous urinary troubles often  
follow.A Middlebury citizen shows you what  
to do.James M. Tracy, S. Pleasant St., Mer-  
chants Row, Middlebury, says: "I suf-  
fered from kidney complaint for nearly  
twenty years. The first symptom was  
rheumatic pains across my loins and at  
times sharp twinges darted through my  
kidneys. My kidneys became disordered  
and the kidney secretions were irreg-  
ular and painful in passage and un-  
natural. Inflammation of the bladder  
nearly drove me frantic. I had dizzy  
and fainting spells and my whole sys-  
tem seemed to be affected. Getting no  
relief from the treatment of local doc-  
tors or in Burlington, I was in de-  
spair. I couldn't leave the house and  
was so helpless I could hardly walk.  
Doan's Kidney Pills were procured at  
Sheldon's Drug Store and they helped  
me right away. I slept better, the pains  
in my back were relieved and my kid-  
neys became more normal. In about a  
month I was back to my work and my  
health was restored."Price 50c. at all dealers. Don't simply  
ask for a kidney remedy—get Doan's  
Kidney Pills—the same that Mr. Tracy  
had. Foster-McMillan Co., Props., Buf-  
falo, N. Y.—adv.

urday, Oct. 23, 1915, the Richard Cour-  
sey farm of 217 acres, more or less, situ-  
ated in the northwest part of the town  
of Bristol, five miles from Bristol village.  
Buildings in good repair. Cleared land  
in high state of cultivation. Fences in  
best of condition. Farm tools, etc.  
Terms cash. C. A. THOMAS, Adm'r.  
R. S. SMITH, Auctioneer. 4113This Auction adjourned until further  
notice.KEEP YOUR  
HORSES IN  
PRIME WORKING  
CONDITIONA HORSE in the field—working for you—is  
worth two in the barn—simply eating their  
heads off. There is no way of preventing spavin,  
ringbone, splint or curb from suddenly laying up your horses—but there is a way of safely and  
easily curing all these ailments and preventing them from keeping your horses laid up. For over 35 years there  
has been a reliable remedy that horsemen everywhere have depended on to save them money, time and worry.

## Kendall's Spavin Cure

has been the trusted remedy of horsemen everywhere. It has not only been saving untold time, work and worry but  
thousands of dollars' worth of valuable horseflesh and has many times saved horses from death.Here's a man—Mr. W. T. Campbell, Macadonia, Ky.—who not only saves money but actually makes money by using  
Kendall's Spavin Cure. He writes: "I have used 2 1/2 bottles of your Spavin Cure, and have cured two mules of Bog  
Spavin. I bought the mules for \$80.00 and can now cash them for \$100.00. Shall never be without your great remedy."Here's another man who has used Kendall's Spavin Cure with remarkable success. Mr. Floyd Nelson, Kings Ferry,  
N. Y., writes: "I have used your Spavin Cure for the past six years and have made in the neighborhood of \$700.00 buy-  
ing Spavined horses and curing them. I consider there is nothing equal to it if it is used according to directions."  
Never be without a bottle of Kendall's Spavin Cure. You can never tell when accidents will happen—when this  
remedy may be worth the price of your best horse. It is better to be prepared.

Don't call your case "hopeless" in the face of above testimony.

Next time you go to town get a couple bottles from your druggist. The price is uniform, only \$1.00 per bottle,  
6 bottles for \$5.00. At the same time ask for our invaluable "Treatise on the Horse," or write to

Dr. B. J. Kendall Co., Enosburg Falls, Vt., U. S. A.

## CORNWALL.

The bans of marriage have been pub-  
lished in St. Mary's church in Middle-  
bury for Miss Marguerite Lavalley, only  
daughter of Mr. and Mrs. William La-  
valley of this town and Russell Clifford  
Trudeau of Weybridge.Mrs. Edwin Parkhill and daughter,  
Maude, of Burlington are guests of their  
son and brother, George Parkhill, and  
family.Floyd Sperry, eldest son of Mr. and  
Mrs. J. E. Sperry of this town and Miss  
Lena Mae Garvey were married on Tues-  
day evening, October 12, at the home of  
the bride's parents, Mr. and Mrs. W. N.  
Garvey, in Shoreham. The Rev. Samuel  
Rose performing the ceremony.At the close of the service on Sunday  
morning the Rev. Samuel Rose tendered  
his resignation as pastor of the Congrega-  
tional church to take effect November  
7, at the termination of a service of  
seven years, to accept a call to the First  
Congregational church at Chicopee Falls,  
Mass. It is with the deepest regret on  
the part of every one that this request is  
made as Mr. Rose and family have en-  
deared themselves to all classes in the  
community.

## VERMONT NEWS.

SECRETARY TO CONGRESSMAN  
DALE.James B. Campbell, attorney, has  
accepted an appointment as private  
secretary to Congressman Porter H.  
Dale at Washington. In addition to his  
work as secretary Mr. Campbell expects  
to take some special work in the law  
school of the George Washington Uni-  
versity in Washington.TYPHOID IN WASHINGTON  
COUNTY.With many typhoid fever cases re-  
ported in towns adjoining Montpelier,  
the health department of that city is  
keeping close watch, to ascertain the  
effect there. So far only two cases  
have been reported and they were in  
different parts of the city, so that they  
cannot be attributed to one cause. The  
patients are under treatment at Heaton  
hospital.

## PECULIAR TOM CAT.

James L. Johnson, one of the vet-  
erans of the Vermont Soldiers' home,  
Bennington, owns what he believes to  
be a rare specimen of the cat tribe, a  
male kitten with three colors on the fur,  
black, brown and white. Mr. Johnson  
says the kitten is the first one of its  
kind which he ever saw or ever heard  
of. According to the long-accepted  
rule, tabby cats may be all colors, but  
Thomas cats are limited to two.

## BOY CRUSHED TO DEATH.

Lawrence McKee, seven-year-old son  
of Mr. and Mrs. Edward McKee, was  
instantly killed Saturday when he was  
crushed under the wheels of a cart  
loaded with sand. The little fellow was  
riding on the load, which was driven by  
his grandfather, David Lawrence, when  
he fell off. Before the horses could be  
stopped, the wheel passed over the  
boy's chest. He lived with his grand-  
parents in Waterford, where the acci-  
dent occurred.

## REFORM IN ADVERTISING.

The merchants of St. Johnsbury have  
protected themselves from unprofitable  
advertising by the following agreement:  
"No member of the St. Johnsbury  
Commercial club shall give money or  
merchandise for fairs, sign public  
subscription papers, or take advertis-  
ing in anything but regular publications,  
having a paid subscription list, or pur-  
chase anything known as a scheme for  
the purpose of securing money when  
there is no value received, unless ap-  
proved by the executive committee of  
the club."

## GOOD PAY FOR MECHANICS.

A representative of the Canadian  
Pacific Railway company has been in  
Burlington on a mission to secure  
machinists and mechanics for his com-  
pany. Nearly all Canadians in this lineof work are at the front with the colors,  
so that a competent mechanic wages  
reaches \$7.50 a day. A number of men  
in Burlington and Winooski would  
probably accept work with the Canadian  
Pacific were it not for the fact that  
they must sign a two-year contract and  
this most of them do not wish to do.

## BURGLARY IN POULTNEY.

Thieves entered the home of Mr. and  
Mrs. J. B. Carrigan in Poultney Satur-  
day morning, obtaining about \$74 in  
money and a pension check of \$53 which  
was made payable to Mr. Carrigan, a  
veteran. The thieves, it is supposed  
there were two of them, obtained en-  
trance through a rear window which ad-  
mitted them into the kitchen. Some of  
the money was in a handbag in the room  
off the kitchen but the thieves, evidently  
familiar with the house, sneaked to the  
second floor where more money and the  
pension check was obtained. The rob-  
bers worked within a very few feet of  
both Mr. and Mrs. Carrigan as they  
slept.

## SCIENTIFIC SUN-DIAL.

There is set up at Eagle Camp,  
South Hero, a Vermont invention that  
attracts a great deal of attention. Sun-  
dials, since the invention of clocks and  
watches, have served more as orna-  
ments in gardens than as real time-  
pieces, as they were often several  
minutes fast or slow of the mean time  
that was kept before standard time  
was introduced. From the standard  
time they differed more or less accord-  
ing to their location, oftentimes being  
more than a half hour fast or slow. It  
certainly would seem to be impossible to  
make a sundial tell the standard time  
with exactness, when that is an arti-  
ficial time. But Mr. Hartness, the in-  
genious inventor of this State, has ac-  
complished this difficult task. The one  
at Eagle Camp was set up the latter  
part of June, and has told the true  
standard time every day since. Of  
course the instrument has to be set up  
with the most perfect exactness, and a  
dial showing the days of the month has  
to be turned every morning.

## FARM VALUES INCREASE.

The steady increase in values of Ver-  
mont farms is one of the interesting  
signs of the times. It is said on good  
authority that the value of many farms  
in this state has increased from 15 to 25  
per cent during the last few years, says  
the Montpelier correspondent of the  
Springfield Republican.Real estate agencies have sprung up  
along the northern border within the  
last year or two and are doing a large  
business, chiefly with French-Canadian  
customers. While these sales are more  
frequent in the northern part of the  
State, they are not confined to that re-  
gion by any means. This rise in values  
is not of a speculative nature, but is  
based on farm incomes.Prices of farm produce and live stock  
have climbed steadily upward in recent  
years. The average value per acre of  
Vermont farms is smaller than that of  
farms in the middle West to a certain  
extent, because part of almost every  
Vermont farm contains some woodland  
and pasture land that cannot be tilled.That condition of Vermont agricul-  
ture has improved notably in the last  
decade or two, and continues to im-  
prove.VERMONT PUBLIC SERVICE  
COMMISSION.The Public Service commission will  
hold hearings during the months of Oc-  
tober and November as follows:October 15—Horton Power Com-  
pany to issue additional bonds to the  
amount of \$500,000. Hearing set for 2

## THAT PIANO AT \$176

is like getting money from home with-  
out sending a postage stamp. A large  
size genuine mahogany case, 71-3  
octaves, warranted for ten years, sells  
regularly for \$300, but for this month  
only you can buy it for \$176 with stool  
and scarf and only pay \$10 down and \$8  
a month. If you want a piano write  
George D. Jarvis & Son, Burlington,  
Vermont for free catalogue giving full  
particulars.—adv.
